Note from Executive Director

Barbara Richardson

"Honk! What's that?" is the question I've received most often when telling people about this show. In short, it's a musical re-telling of Hans Christian Anderson's story of "The Ugly Duckling." At first glance, the story of the ugly duckling is about being the odd one out. Life can be difficult when you are labeled as "different." Much like Ugly in this musical, everyone at some point is labeled as different. Even if we are the most well-liked person, we are still different from something else. However, this musical is not just about the idea of being different. The story of Ugly in this musical is about growing up. It's about coming into yourself. It's about finding a sense of security in your own skin. Yes, we can all be labeled as different, but life will give us new opportunities to show us that we can find an inner strength.

In this musical, you will see Ugly grow up. You will see Ugly learn everything for the first time: how to talk, how to swim, and the meaning of the word different. Even more so, you will see Ugly reach out. You will see him lead. You will see him be brave. And by the end of the play, you will see Ugly make decisions for himself. It's my hope that you will see yourself in Ugly's journey. From feeling lost, to enjoying a good game of hide and seek, to meeting your first crush. Ugly's journey is the journey of all of us. For we as humans are truly never fully grown up until we fully come to accept ourselves inside and out, good traits for bad traits, warts and all!

I would like to thank the incredibly hardworking artistic team, designers, parents and volunteers who have put their blood, sweat and tears into making this production possible. As you can see, we are in a new location! What you may not know is that we just got the keys to this building as of June 1st. Volunteers have been working around the clock to make the space performance ready. We still have a LOT to do in order to officially "raise the curtain" for the new Metropolitan Performing Arts Theatre. Walls need to be painted, curtains need to be purchased and hung, lighting equipment purchased and installed, the drop ceiling raised, dance flooring purchased, walls put up and so much more. We are currently raising the funds to make all of this possible. Please consider making a monetary donation to help us turn this space into something that can be used not just by MPA, but the entire SW Washington community. Please invite your friends, colleagues, neighbors and barista to get involved with MPA. Sign up for our newsletter to stay up to date with auditions, shows, classes and volunteer opportunities. If you have any questions, please see me after the show. I would love to discuss how you can get involved in our growing arts organization. Now sit back, relax and enjoy the show!

We are deeply grateful to our sponsors who help make our programs possible for these kids!
