Many people miss the relevance of what this story and what theatre is about. Theatre is not just a bunch of costumes and songs, it is about telling a story. What better than a story that tells the story of people who are different. I cannot think of a better way to teach, not only my students but a community, just how important it is to celebrate what we have in common but also what makes us special. I hope that you will "let your freak flag fly" with us.

Metropolitan Performing Arts Academy has a rich history of daring to be different. The education that our students receive is unique and I really am truly grateful that you've supported us in our mission. As we look to the future, MPAA will continue to bring the best performing arts education possible to Southwest Washington. I love these crazy kids and they deserve the best—we are making that happen for them. Expect some really great and exciting changes in programming.

With our supporters and crazy different students we can achieve anything together. I hope that you will consider making a tax deductible donation to help make this happen.

Audrey,
you have created so much joy in our lives. Every day, you help to enrich the bright big beautiful world.

Love, Mom, Dad and Julia
